JUNE is at hand again, and with it comes our "Midsummer Offer" as a seasonable reminder that *Burnett's "Quality" Seeds, Bulbs and Plants* are worthy of consideration by all gardeners at this time, for sowing and planting now and during the following months.

All our lists have been carefully revised so as to include the choicest novelties of proven merit in each class.

We suggest that *orders be sent in as soon as possible*, particularly for *Flower Seeds*, of which new crop seeds are available for immediate sowing.

Orders for *Strawberry Plants* and *Early Bulbs* will also be acceptable now, and we will ship when the various items are sufficiently matured or have arrived from our growers.
June 1, 1927.

POT-GROWN STRAWBERRY PLANTS

Strawberries from your own garden are always preferable to the bruised, undersized, and sometimes bitter berries purchased at your grocer's.

NEW WONDER is truly a great strawberry, raised by a private gardener who foresaw the need of a berry that had all the combined good qualities of the best of the old sorts. One variety would provide size—another, juicy, luscious flavor—while a third would be chosen for its tremendous yield, but in NEW WONDER we have all these qualities in addition to an extremely long producing season. NEW WONDER is conical in shape, the matured berries attaining large size.....	100	1000	
BARRYMORE. A fine midseason to late variety for growing where soil and climatic conditions are inclined to be cool. Its beautiful large firm berries are bluntly conical; of superb quality.....	\$20.00
